Report of Independent Auditors

The Board of Directors The Oklahoma Caring Foundation, Inc.

Opinion

We have audited the financial statements of The Oklahoma Caring Foundation Inc., (the Organization), which comprise the Statements of Financial Position as of December 31, 2024 and 2023, and the related Statements of Activities and Changes in Net Assets, and Cash Flows for the years then ended, and the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Organization at December 31, 2024 and 2023, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Organization and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free of material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the Organization's internal control. Accordingly, no such
 opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Notes to Financial Statements

December 31, 2024

1. Organization

The Oklahoma Caring Foundation, Inc. (the Foundation) was incorporated in 1994 as an Oklahoma not-for-profit corporation. The purpose of the Foundation is to operate exclusively for charitable, educational, and scientific purposes for the benefit of economically disadvantaged young citizens by providing support for programs designed to improve the quality, awareness, and availability of health care benefits. The Foundation is an affiliate, as such term is defined pursuant to the Illinois Insurance Holding Company Act, of Health Care Service Corporation, a Mutual Legal Reserve Company (HCSC), which does business as Blue Cross Blue Shield of Illinois, Texas, New Mexico, Oklahoma, and Montana. HCSC is the primary corporate sponsor of the Foundation and provides financial and administrative support. The Foundation's Board of Directors includes HCSC senior management and representatives from the provider and business communities.

The Foundation's resources are currently directed to the Oklahoma Caring Van® Program, in which nine vans travel throughout the state providing Oklahomans access to preventive health services such as immunizations, and dental and health screenings.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis, in accordance with U.S. generally accepted accounting principles (GAAP). Net assets, revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions.

On December 31, 2024 and 2023, the Foundation had no donor-imposed net assets. Accordingly, the Foundation's net assets are classified as without donor restrictions on December 31, 2024 and 2023.

2. Summary of Significant Accounting Policies

Investments

Investments consist of fixed-income mutual funds that are carried at net asset value (NAV), which approximates fair value. The NAV of shares is based on the fund's unadjusted quoted market price of underlying assets at the measurement date.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Fixed Assets

The Foundation's fixed assets consist of vans utilized to facilitate its on-site immunizations to children. These are recorded at cost less accumulated depreciation. Depreciation is recorded on a straight-line basis over the estimated useful life of five years. The Foundation did not have any fixed asset purchases in 2024. The Foundation purchased a van in 2023 for \$99,039, which is included in the fixed assets on the statements of financial position. In 2024, the Foundation disposed of two fully depreciated vans and did not recognize a gain or loss on the disposals.

Contributions and Gifts

The Foundation reports gifts of cash and other assets received without restrictions as contributions. Contributions are recorded as they are received, including unconditional promises to give. Pledges are recorded when the pledge is obtained. Contributions receivables are recorded in the period for which the amount of the contribution is attributable. Receivables related to contributions have a maturity of less than one year.

Contributed Goods and Services

The estimated fair values at the date of receipt of donated goods and certain general and administrative services are reported as contributions in the accompanying financial statements. The contributions of services are recognized if the services received either (a) create or enhance nonfinancial assets or (b) require specialized skills that are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation. No amounts have been recorded in the financial statements for other donated services since no objective basis is available to measure the value of such services.

Tax-Exempt Status

The Foundation is a Section 170(b)(1)(A) public charity recognized as an organization exempt from federal income tax on related income as defined in Section 501(c)(3) of the Internal Revenue Code (IRC). The organization does not generate any unrelated business income.

The Foundation adopted the provisions of Financial Accounting Standards Board (the FASB) Accounting Standards Codification 740, Income Taxes, which requires recognition and disclosure of uncertain tax positions in the financial statements and notes.

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

The Foundation believes it has no uncertain tax positions and, accordingly, it has not recognized any liability for unrecognized tax benefits.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Such estimates and assumptions could change in the future as more information becomes known, which could affect the amounts reported and disclosed therein such that actual results differ from management's estimates.

3. Program and Supporting Services

Program services represent the direct expenses associated with the delivery of immunization services that include flu vaccine, along with dental service, and health and hygiene education. Some of these services consist of an allocation of the estimated cost to HCSC for providing the services. HCSC donates these services; thus, the Foundation is not required to pay for these services.

Management, general, administrative, and fundraising expenses are also donated directly by HCSC, thus, the Foundation is not required to pay for these services. These services consist of an allocation of the estimated cost to HCSC for providing the services.

In accordance with GAAP, these contributed services have been reported as contributions and expenses on the statements of activities and changes in net assets. Program services provided by HCSC were \$517,388 and \$511,697 in 2024 and 2023, respectively, and are reported as contributed program services. Supporting services provided by HCSC were \$220,492 and \$175,748 in 2024 and 2023, respectively, and are reported as contributed management and general.

All contributions and nearly all revenues received from other contributors were used, or will be used, by the Foundation to provide program services. Management believes HCSC will continue supporting the Foundation.

Notes to Financial Statements (continued)

4. Investments

The Foundation has a portfolio of securities that are carried at fair value based on NAV, which approximates fair value, and is based on the net assets attributable to each mutual fund share, with changes in fair value reported as earnings. The change in unrealized gain recognized in 2024 and 2023 on investments was \$2,960 and \$52,764, respectively. The unrealized gains or losses are included in net investment income. The change in unrealized gain recognized in 2024 and 2023 on beneficial interests in assets held was \$15,300 and \$21,126, respectively. There were no gains or losses recognized on sales of securities for the years ended December 31, 2024 or 2023.

5. Fair Value of Financial Instruments

The Foundation's financial assets and liabilities carried at fair value have been classified, for disclosure purposes, based on a hierarchy that gives the highest ranking to fair values determined using unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest ranking to fair values determined using methodologies and models with unobservable inputs (Level 3). An assets or a liability's classification is based on the lowest-level input that is significant to its measurement. For example, a Level 3 fair value measurement may include inputs that are both observable (Levels 1 and 2) and unobservable (Level 3). There were no changes in valuation techniques from the prior period.

Notes to Financial Statements (continued)

5. Fair Value of Financial Instruments (continued)

The levels of the fair value hierarchy are as follows:

Level Input	Input Definition
Level 1	Inputs are unadjusted, quoted prices for identical assets and liabilities in active markets accessible at the measurement date.
Level 2	Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads, and yield curves.
Level 3	Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Foundation's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.
NAV	NAV per share is the amount of net assets attributable to each share of capital stock (other than senior equity securities, that is, preferred stock) outstanding at the close of the period. It excludes the effects of assuming conversion of outstanding convertible securities, whether their conversion would have a diluting effect.

To be classified as Level 1, unadjusted quoted market prices for identical assets or liabilities in active markets must be available. Fair values based on quoted prices for similar assets in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument (e.g., market interest rates and volatilities, spreads, yield curves, reported trades, broker/dealer quotes, bids, and offers) are classified as fair value Level 2. Fair values not determined using the methods applicable to Levels 1 and 2, such as using discounted cash flow analyses, incorporating current market inputs for similar financial instruments with comparable terms and credit quality (matrix pricing) or other methods, models, and assumptions that management believes market participants would use to determine a current transaction price, are assigned to Level 3.

Notes to Financial Statements (continued)

5. Fair Value of Financial Instruments (continued)

The following table presents information about the Foundation's assets that are measured at fair value on a recurring basis (no liabilities are reported at fair value) as of December 31 and indicates the fair value hierarchy of the valuation techniques used to determine such fair value:

]	Level 1		Level 2		Level 3		NAV		Total
2024										
Investments:	•		•		•		•	• • • • • • • • • • • • • • • • • • • •	•	• (0.1 (==
Mutual fund – fixed income	\$	_	\$	_	\$	_	\$	2,684,675	\$	2,684,675
Beneficial interest in assets held at: Tulsa Community Foundation Oklahoma City Community		_		_		177,405		_		177,405
Foundation		_		_		65,246		_		65,246
	\$	_	\$	_	\$	242,651	\$	2,684,675	\$	2,927,326
2023 Investments:										
Mutual fund – fixed income	\$	_	\$	_	\$	_	\$	2,469,571	\$	2,469,571
Beneficial interest in assets held at: Tulsa Community Foundation		_		_		160,052		_		160,052
Oklahoma City Community Foundation		_		-		57,204				57,204
	\$		\$		\$	217,256	\$	2,469,571	\$	2,686,827

The beneficial interest in assets held at the Tulsa Community Foundation (TCF) is valued based on the fair value of the assets, as of the measurement date, which are valued based on quoted market prices based on recent trading activity or other observable market data. The beneficial interest in assets held at the Oklahoma City Community Foundation (OCCF) has been valued at the fair value of the Foundation's share of the investment pool as of the measurement date. The assets held by OCCF are valued based on the fair value of the underlying assets, consisting mainly of equity securities and fixed-income securities, which are valued based on quoted market prices based on recent trading activity and other observable market data. The beneficial interests in assets held at TCF and OCCF are not redeemable by the Foundation; accordingly, the Foundation has classified the beneficial interest in assets as Level 3. Refer to Note 7 for further discussion of roll forward of beneficial interests. There were no transfers in or out of Level 3 of the fair value hierarchy for the years ended December 31, 2024 or 2023.

Notes to Financial Statements (continued)

6. Liquidity and Availability of Resources

The Foundation has the following assets available within one year for general expenditures:

	2024	2023
Cash	\$ 298,270	. ,
Investments	2,684,675	5 2,469,571
Contributions receivable	8,455	58,919
	\$ 2,991,400	\$ 2,733,504

7. Endowments

Board-Designated Endowment

In 2002, the Foundation transferred assets to TCF, which is holding them as a donor-advised fund (TCF fund) that functions for the benefit of the Foundation. The objective of the investment management and distribution policies of TCF is to provide opportunities for fund growth after distributions and investment expenses. TCF also provides opportunities for its participating organizations to gain broader access to local, national, and corporate charitable donors. The Foundation may make recommendations and give advice to TCF regarding the administration of and distributions from the TCF fund. However, TCF maintains ultimate authority and control over the assets and distributions from the TCF fund. Distributions from the TCF fund may be used for any purpose by the Foundation.

The Foundation reports the fair value of the TCF fund as beneficial interest in assets held by others and board-designated endowment on the accompanying statements of financial position. Changes in the TCF fund held by TCF on behalf of the Foundation consisted of the following:

Fair value balance on January 1, 2023	\$ 139,886
Investment performance	21,113
Fees	(947)
Fair value balance on December 31, 2023	160,052
Investment performance	17,905
Fees	(552)
Fair value balance on December 31, 2024	\$ 177,405

Notes to Financial Statements (continued)

7. Endowments (continued)

The amount of investment performance, including unrealized gains and losses, net of fees, is included in net investment income on the accompanying statements of activities and changes in net assets.

Endowment

In 2012, the Foundation transferred assets to OCCF, which is holding them as an endowed component fund (OCCF fund) for the benefit of the Foundation. The Foundation has granted OCCF variance power, which gives OCCF's board of trustees the power to use the OCCF fund for other purposes in certain circumstances. The OCCF fund is subject to OCCF's investment and spending policies, which currently result in a distribution to the Foundation of 5% of the average quarterly value over the previous 12 quarters. Distributions from the OCCF fund may be used for any purpose by the Foundation. The investment policy of OCCF calls for a portfolio of equities and fixed-income securities that is highly diversified. Capital preservation, protection against inflation, and long-term growth are the fundamental objectives of OCCF's investment strategy. OCCF also provides opportunities for its participating organizations to gain broader access to local, national, and corporate charitable donors.

The OCCF fund consists of funds contributed directly by the Foundation to the OCCF fund and receipts from third-party donors made directly to the OCCF fund. The OCCF fund has received total contributions (from all sources) of \$64,503 since its inception in 2012. Only the portion of the OCCF fund that was established with funds from the Foundation is included on the accompanying statements of financial position as beneficial interest in assets held by others.

Changes in the OCCF funds held by OCCF on behalf of the Foundation consisted of the following:

Fair value balance on January 1, 2023	\$ 48,633
Amounts invested in OCCF fund	770
Investment performance	8,161
Fees	 (360)
Fair value balance on December 31, 2023	57,204
Amounts invested in OCCF fund	768
Investment performance	7,756
Fees	(482)
Fair value balance on December 31, 2024	\$ 65,246

Notes to Financial Statements (continued)

7. Endowments (continued)

The amount of investment performance, including unrealized gains and losses, net of fees, is included in net investment income on the accompanying statements of activities and changes in net assets.

8. Subsequent Events

Management of the Foundation has evaluated all events occurring after December 31, 2024 through June 27, 2025, the date the accompanying financial statements were available to be issued, to determine whether any event required either recognition or disclosure in the financial statements. Based on this evaluation, no significant subsequent events occurred other than those disclosed in the financial statements.
